

## 8880 Financial Information System for California

The Financial Information System for California (FI\$Cal) Project is a partnership of four control agencies: the Department of Finance, the State Controller's Office, the State Treasurer's Office, and the Department of General Services. FI\$Cal will provide the state with a single integrated financial management system that encompasses budgeting, accounting, procurement, cash management, and financial management and reporting. This "Next Generation" project, through the adoption of best business practices, will reengineer business processes; improve efficiency; enhance decision making and resource management; and provide reliable, accessible, and timely statewide financial information allowing the state to be more transparent.

### PROGRAM DESCRIPTIONS

#### 15 - STATEWIDE SYSTEMS DEVELOPMENT

This program is responsible for the development, implementation, utilization, and maintenance of FI\$Cal, the integrated statewide financial management system. This collaborative statewide effort will replace existing legacy financial systems and significantly improve California's financial management and administration processes. This program is comprised of a statewide multi-disciplinary team of staff working collaboratively to implement FI\$Cal. The statewide project is organized into the following five functional teams:

- Business Team
- Change Management Team
- Project Administration Team
- Project Management Office
- Technology Team
